

Mouse anti-Guinea pig pan T-cell, CD8, clone CT-6 (Monoclonal)

Clone no. CT-6

MONOSAN

---

Product name	Mouse anti-Guinea pig pan T-cell, CD8, clone CT-6 (Monoclonal)
Host	Mouse
Applications	IHC-P
Species reactivity	human, chinese hamster
Conjugate	-
Immunogen	Unknown or proprietary to MONOSAN and/or its suppliers
Isotype	IgG1
Clonality	Monoclonal
Clone number	CT-6
Size	1 ml
Concentration	1 mg/ml
Format	-
Storage buffer	Serum free tissue culture supernatant with 0.7% BSA and 0.1% sodium azide
Storage until expiry date	2-8°C

FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES

Mouse anti-Guinea pig pan T-cell, CD8, clone CT-6 (Monoclonal)

Clone no. CT-6

MONOSAN

**Additional info**

This antibody reacts specifically with a guinea pig lymphocyte subset analogues to the human CD8 (cytotoxic/suppressor) subset.
